

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-03 (S00146)	
Item	Description
Name	Mechanical link (rotation)
Alternative names	Link, mechanical; Mechanical link with indication of direction of rotation.
Form	—
Alternative forms	—
Application notes	A00045, A00046
Application class	Qualifying symbols
Function class	— Functional attribute only
Shape class	Arrows, Lines
Symbol restrictions	—
Remarks	—
Applies	S00095, S00144
Applied in	—
Keywords	links, mechanical control, other control
NOTE	—

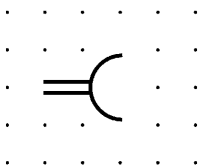

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-04 (S00147)	
Item	Description
Name	Link
Alternative names	—
Form	Form 2
Alternative forms	02-12-01 (S00144)
Application notes	A00045
Application class	Qualifying symbols
Function class	— Functional attribute only
Shape class	Lines
Symbol restrictions	—
Remarks	—
Applies	—
Applied in	S00149, S00148, S01200, S00822, S01202
Keywords	links, mechanical control, other control
NOTE	—

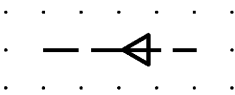

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-05 (S00148)	
Item	Description
Name	Delayed action
Alternative names	Action, delayed
Form	Form 1
Alternative forms	02-12-06 (S00149)
Application notes	A00047
Application class	Circuit diagrams
Function class	— Functional attribute only
Shape class	Half-circles, Lines
Symbol restrictions	—
Remarks	—
Applies	S00147
Applied in	S00245, S00243, S00247
Keywords	links, mechanical control, other control
NOTE	—

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-06 (S00149)	
Item	Description
Name	Delayed action
Alternative names	Action, delayed
Form	Form 2
Alternative forms	02-12-05 (S00148)
Application notes	A00047
Application class	Circuit diagrams
Function class	— Functional attribute only
Shape class	Half-circles, Lines
Symbol restrictions	—
Remarks	—
Applies	S00147
Applied in	S00244, S00246, S00247
Keywords	links, mechanical control, other control
NOTE	—

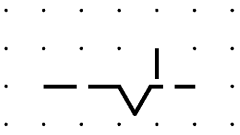

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-07 (S00150)	
Item	Description
Name	Automatic return
Alternative names	Return, automatic
Form	—
Alternative forms	—
Application notes	A00048
Application class	Circuit diagrams
Function class	— Functional attribute only
Shape class	Equilateral triangles, Line
Symbol restrictions	—
Remarks	—
Applies	—
Applied in	S00267, S00294, S00295
Keywords	links, mechanical control, other control
NOTE	—

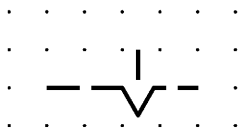

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-08 (S00151)	
Item	Description
Name	Detent
Alternative names	Non-automatic return; Return, non-automatic; Device for maintaining a given position
Form	—
Alternative forms	—
Application notes	—
Application class	Circuit diagrams
Function class	— Functional attribute only
Shape class	Lines
Symbol restrictions	—
Remarks	—
Applies	—
Applied in	S00153, S00152, S00258, S00267, S00294
Keywords	links, mechanical control, other control
NOTE	—

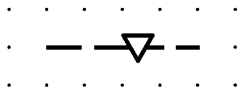

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-09 (S00152)	
Item	Description
Name	Detent (disengaged)
Alternative names	—
Form	—
Alternative forms	—
Application notes	—
Application class	Circuit diagrams
Function class	— Functional attribute only
Shape class	Lines
Symbol restrictions	—
Remarks	—
Applies	S00151
Applied in	—
Keywords	links, mechanical control, other control
NOTE	—

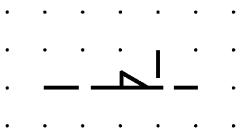

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-10 (S00153)	
Item	Description
Name	Detent (engaged)
Alternative names	—
Form	—
Alternative forms	—
Application notes	—
Application class	Circuit diagrams
Function class	— Functional attribute only
Shape class	Lines
Symbol restrictions	—
Remarks	—
Applies	S00151
Applied in	—
Keywords	links, mechanical control, other control
NOTE	—

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-11 (S00154)	
Item	Description
Name	Mechanical interlock
Alternative names	Interlock, mechanical; Mechanical interlock between two devices
Form	—
Alternative forms	—
Application notes	—
Application class	Circuit diagrams
Function class	— Functional attribute only
Shape class	Equilateral triangles, Lines
Symbol restrictions	—
Remarks	—
Applies	—
Applied in	—
Keywords	links, mechanical control, other control
NOTE	—

Section 12 Mechanical and other controls

Number of graphical symbols (Symbol identity number)	Symbol
02-12-12 (S00155)	
Item	Description
Name	Latching device (disengaged)
Alternative names	—
Form	—
Alternative forms	—
Application notes	—
Application class	Circuit diagrams
Function class	— Functional attribute only
Shape class	Lines, Right-angled triangle
Symbol restrictions	—
Remarks	—
Applies	—
Applied in	—
Keywords	links, mechanical control, other control
NOTE	—
